Dear Mr. Walton:

**SUBJECT:** Livonia Transmission Plant  
Consent Decree No. 2:17112372-GAD-RSW  
Request for Conceptual Site Model Update and  
Request for Public Outreach Plan  
36200 Plymouth Road; Livonia, Wayne County, Michigan  
DEQ Site ID No. 82002970

In a letter dated November 13, 2017, the Michigan Department of Environmental Quality (MDEQ), Remediation and Redevelopment Division (RRD), provided notice of approval of the Interim Response Activities - Response Activity Plan for an initial Conceptual Site Model (CSM). The initial CSM was submitted pursuant to Section VI Interim Response Activities (IRA), Paragraph 6.6(a) of Consent Decree (CD) No. 2:17112372-GAD-RSW executed by Ford Motor Company (Ford) and the MDEQ in July 2017. The initial CSM was approved based on the data that was available at the time. An attachment to the November 13, 2017, letter identified data gaps in the initial CSM that Ford must address. The letter and associated attachment are included for your reference.

Pursuant to Paragraph 6.6(a)(ii)(H) of the CD, the CSM should be revised as appropriate to include investigation data collected at the Property and area of concern as directed by the MDEQ. Please provide an update on the progress Ford has made to address the data gaps and a plan with a schedule to address any data gaps that remain within 14 days of the receipt date of this letter.

In addition, in accordance with Paragraph 6.9 of the CD, MDEQ is requesting Ford submit a formalized Public Outreach Plan. Please submit the Public Outreach Plan to MDEQ within 30 days of the receipt date of this letter.

If you have additional questions regarding this matter, please contact Brandon Alger, Project Manager, at 586-753-3826, [algerb@michigan.gov](mailto:algerb@michigan.gov), or DEQ, RRD, 27700 Donald Court, Warren, Michigan 48092; or you may contact me.

Sincerely,

Paul Owens, District Supervisor
