Subject:
Livonia Transmission Plant
3Q 2022 Complaint Memo
36200 Plymouth Road, Livonia, Wayne County, Michigan
EGLE Site ID No. 82002970

This memo was prepared by Arcadis of Michigan, LLC (Arcadis) on behalf of Ford Motor Company (Ford) in response to the May 28, 2019 letter from the Michigan Department of Environmental, Great Lakes, and Energy (EGLE), requesting that Ford provide a monthly written summary documenting residents' concerns during installation of the interim preemptive mitigation systems. The summary will provide documentation of complaints received from the residents, the response provided to the residents, address the complaints, and the resolution of the complaint. No complaints were received from the residents during the third quarter (3Q), which includes July, August, and September 2022. The next Complaint Memo will be submitted in January 2023.

Arcadis, on behalf of Ford, will continue to work closely with the residents of Alden Village Subdivision to ensure that all of the complaints and issues associated with the installation of the interim preemptive mitigation activities are addressed in accordance with the Public Outreach Plan submitted to the EGLE on June 28, 2019.
